EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 25-37 have been cancelled.

Election/Restrictions

2. Applicant's election without traverse of claims 1-24 in the reply filed on 3/16/05 is acknowledged.

3. Claims 25-37 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to nonelected inventions, there being no allowable generic or linking claim.

Election was made **without** traverse in the reply filed on 3/16/05.

4. This application is in condition for allowance except for the presence of claims 25-37 to inventions non-elected without traverse. Accordingly, claims 25-37 have been cancelled.

Allowable Subject Matter

5. Claims 1-24 are allowed.

6. The following is an examiner's statement of reasons for allowance:

Hill U.S. Patent 6,525,545 disclose a frequency domain reflection measurement device where a signal is transmitted over a communication channel, and a frequency response of a corresponding reflected signal is correlated with the known response of the transmitted signal to produce information from which location of and distance to a fault may be determined.

Art Unit: 2637

However, Hill does not disclose correlating the frequency domain representation of the reflected signal with a plurality of time-delayed versions of the transmitted signal to generate frequency domain correlation information and identifying correlation peaks in a magnitude of the frequency domain correlation information to determine locations of the discontinuities of the channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David B. Lugo whose telephone number is 571-272-3043. The examiner can normally be reached on M-F; 9:30-6.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jay Patel can be reached on 571-272-2988. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
